

## **MEMBERSHIP SECRETARY'S REPORT TO ECR AGM 2021**

Between two and eight years ago membership numbers decreased slowly to 560. However, in January 2021 membership was 571 which continued to rise to 585 in October 2021.

This has been due to more people wanting to walk and leading to a slight increase in the numbers of new members each month joining the Ramblers.

Members who have sadly died this year are Norman Ridley, Alan Catterall , Tony Walker and Rosie Forth

Their contributions as walk leaders, walk programme coordinators, committee members, footpath inspectors, away weekend organisers, supporting footpath maintenance teams and social events was huge.
